D. M. Sugimura, Director

## CITY OF SEATTLE ANALYSIS AND DECISION OF THE DIRECTOR OF THE DEPARTMENT OF PLANNING AND DEVELOPMENT

**Application Number:** 3016592  
**Applicant Name:** Julie LeDoux  
**Address of Proposal:** 10720 15<sup>th</sup> Ave NE

### **SUMMARY OF PROPOSED ACTION**

Land Use Application to subdivide two parcels into four parcels of land. Proposed parcel sizes are: A) 7, 200 sq. ft., B) 7,200 sq. ft., C) 7,200 sq. ft and D) 12, 641 sq. ft. Existing structure at 10720 15<sup>th</sup> Avenue NE (proposed Parcel B) to be demolished and Existing structure at 10726 15<sup>th</sup> Avenue NE to remain.

The following approval is required:

**Short Subdivision** - to subdivide two existing parcels into four parcels of land.  
(Seattle Municipal Code (SMC) Chapter 23.24)

### **BACKGROUND INFORMATION**

Zoning: Single Family 7200 (SF 7200).

Uses on Site: Two single family residences with detached garages/carport.

Site Description This 34,241 square foot (sq. ft.) project site is located in a single family residential zone with a minimum lot size of 7,200 sq. ft. (SF 7200), located in northeast of the City of Seattle. The parcel is a rectangular located on the block between Northeast 107<sup>th</sup> Street and Northeast Northgate Way. Existing structure at 10720 15<sup>th</sup> Avenue NE (proposed Parcel B) to be demolished and Existing structure at 10726 15<sup>th</sup> Avenue NE to remain.

Existing vegetation consists of grass, shrubs and several mature trees on the two properties. During the review of this application, an Arborist Report submitted by the applicant identified six exceptional trees (Douglas Fir), Western Cedars, White Pine, Flowering Cherry and the DPD tree expert affirmed that the existing trees will be not affected by this land use action since no new development is proposed. However, during future building permit application for Parcels A, B, and C, applicant will be required to provide additional tree preservation plan. The approval of this short subdivision does not include approval for tree removal. Therefore, No trees can or should be removed until approved by DPD. The subject site is not located within any identified or designated Environmentally Critical Areas.

Fifteenth Avenue Northeast is improved street with a paved roadway and no curbs, gutters or sidewalks. Surrounding properties and blocks are also zoned SF 7200. Development in the area consists of a variety of one and two-story houses of varying age and architectural style on a variety of lot sizes, consistent with the zoning designations.

#### Public Comment

The required public comment period ended on April 9, 2014. One comment was received during the comment period.

#### ANALYSIS – SUBDIVISION

General short subdivision standards: Pursuant to SMC 23.24.040, the Director shall, after conferring with appropriate officials, use the following criteria to determine whether to grant, condition, or deny a short plat:

1. *Conformance to the applicable Land Use Code provisions, as modified by this chapter;*
2. *Adequacy of access for pedestrians, vehicles, utilities and fire protection as provided in Section 23.53.005, Access to lots, and Section 23.53.006, Pedestrian access and circulation;*
3. *Adequacy of drainage, water supply and sanitary sewage disposal;*
4. *Whether the public use and interests are served by permitting the proposed division of land;*
5. *Conformance to the applicable provisions of Section 25.09.240, Short subdivisions and subdivisions, in environmentally critical areas;*
6. *Whether the proposed division of land is designed to maximize the retention of existing trees;*
7. *Conformance to the provisions of Section 23.24.045, Unit lot subdivisions, when the short subdivision is for the purpose of creating separate lots of record for the construction and/or transfer of title of townhouse, rowhouse, and cottage housing developments as permitted in Single-Family, Residential Small Lot, and Lowrise zones and for single-family dwelling units in Lowrise zones, or any combination of the above types of residential development, as permitted in the applicable zones; and;*

8. *Conformance to the provisions of Section 23.24.046, Multiple single-family dwelling units on a single-family lot, when the short subdivision is for the purpose of creating two or more lots from one lot with more than one existing single-family dwelling unit.*
9. *Every lot except unit lots and lots proposed to be platted for individual live-work units in zones where live-work units are permitted, shall conform to the following standards for lot configuration, unless a special exception is authorized under subsection 23.24.040.B:*
  - a. *If a lot is proposed with street frontage, then one lot line shall abut the street for at least 10 feet; and*
  - b. *No lot shall be less than 10 feet wide for a distance of more than 10 feet as measured at any point; and*
  - c. *No proposed lot shall have more than six separate lot lines. The lot lines shall be straight lines, unless the irregularly shaped lot line is caused by an existing right-of-way or an existing lot line; and*
  - d. *If the property proposed for subdivision is adjacent to an alley, and the adjacent alley is either improved or required to be improved according to the standards of Section 23.53.030, then no new lot shall be proposed that does not provide alley access, except that access from a street to an existing use or structure is not required to be changed to alley access. Proposed new lots shall have sufficient frontage on the alley to meet access standards for the zone in which the property is located.*

### Conclusion

Based on information provided by the applicant, referral comments from DPD and other City Departments, and review and analysis by the Land Use Planner, the above criteria have been met. The short subdivision meets all minimum standards or applicable exceptions set forth in the Land Use Code. This short subdivision will provide pedestrian and vehicular access (including emergency vehicles), and public and private utilities. Adequate provisions for drainage control, water supply and sanitary sewage disposal will be provided for each lot and service is assured, subject to standard conditions governing utility extensions. The proposed plat maximizes the retention of existing trees. The public use and interest are served by the proposal since all applicable criteria are met and the proposal creates the potential for additional housing opportunities in the City.

### DECISION –SHORT SUBDIVISION

The proposed Short Subdivision is **GRANTED WITH CONDITIONS.**

**CONDITION OF APPROVAL PRIOR TO RECORDING**

1. Add a note on the face of the plat that: Existing structures on the property are to remain.
